Institute vision

The Techno College of Engineering Agartala strives to develop institutional excellence in technical education and research to graduate the students as talented, skilled, and trained engineers with admirable traditional cultural values to meet the technological and socio-economic needs of our state, nation, and the world at large.

Institute mission

- To produce creative and technically strong engineers by providing high-quality technical education with emphasis on technical academic excellence, innovative research and development programmes with core human values.
- To continuously upgrade the faculties in curriculum design, teaching pedagogy, use of ICT (Information and Communication Technology) and various processes pertaining to academics, research and University administration.
- To endorse continuous learning that combines rigorous academics with joy of discovery.
- To develop a unique culture that instils responsibility and accountability in partnership with various stakeholders such as parents, society, business and educational communities.
